Education

Texas A&M University — Aug. 2023 - current
Ph.D. in Statistics (Advisor: Prof. Suhasini Subba Rao) — College Station, TX

Hanyang University — Mar. 2021 - Feb. 2023
M.S. in Statistics (Advisor: Prof. Jungsoon Choi) — Seoul, Republic of Korea

Hanyang University — Mar. 2015 - Feb. 2021
B.A. in Economics, B.S. in Mathematics — Seoul, Republic of Korea
- Valedictorian (1st/111)

Research Interests

Time series analysis, Graphical models for time series, Nonstationary processes, Fourier analysis on dependent data

Peer-reviewed Publications

The dual frequency spectral density function of locally periodic stationary processes with an application to testing for correlation between different frequency bands of a time series
Bagchi, P., Bolanos, N., Lee, J., & Subba Rao, S. (2026). *Journal of Time Series Analysis, 47(1), 158-173.*

A Bayesian spatially-clustered coefficient model with temporal structures for hepatitis A data in South Korea
Lee, J. & Choi, J. (2025). *Journal of Applied Statistics, 1-21.*

Working Papers

Inferential problems on the boundary
Lee, J., Bhattacharya, A., & Subba Rao, S. (2026+)

High-dimensional inference for CEStGM
Lee, J. & Subba Rao, S. (2026+)

Statistical inference for CEStGM
Lee, J. & Subba Rao, S. (2026+)

Raman spectral using wavelet-based ANOVA: Uncovering dietary-gene spectral components in mice
Lee, J., Vidakovic, B., Stover, P., Bailey, R., & Carriquiry, A. (2025+)

Research Experience

Research assistant, Texas A&M University — Aug. 2023 - current
- Prof. Suhasini Subba Rao: Graphical model for non-Gaussian time series
- Prof. Alicia Carriquiry: Wavelet analysis of Raman spectroscopy data, Bayesian IRT model with multiple imputation

Visiting PhD student, Universität Heidelberg — May. 2025 - Jun. 2025
- The Heidelberg graduate school of mathematical and computational methods for the sciences

Research assistant, Hanyang University — Mar. 2021 - Jun. 2023
- Prof. Jungsoon Choi: Bayesian spatio-temporal modeling for infectious disease data

Teaching Experience

Teaching assistant, Texas A&M University

- STAT651: Statistics in Research I (Fall 2025, Fall 2026)
- STAT426: Methods in Time Series Analysis (Spring 2025, Spring 2026)
- STAT408: Introduction to Linear Models (Spring 2025)
- STAT211: Principles of Statistics (Fall 2024)

Presentations

Statistical inference on non-Gaussian multivariate time-series graphical model

- Invited poster, 2026 Recent Advances in Time Series, Larnaca, Cyprus

The dual frequency spectral density function of locally periodic stationary processes

- (Informal) Invited talk, 2025 Heidelberg Institute for Theoretical Studies, Heidelberg, Germany

Raman spectral using wavelet-based ANOVA

- Contributed poster, 2025 Joint Statistical Meetings, Nashville, TN

A Bayesian spatially-clustered coefficient model with temporal structures

- Contributed poster, 2024 Joint Statistical Meetings, Portland, OR

Honors

Doctoral Student Research, Travel, and Professional Development Award 2026
College of Arts and Science, Texas A&M University

Travel Awards 2024 - 2026
Department of Statistics, Texas A&M University

Hagler Institute HEEP Fellowship 2023 - 2024
Texas A&M University

Hanyang Alumni Scholarship as an outstanding alumnus studying abroad 2023 - 2024
Hanyang University

Commencement Dean's Award for the highest GPA in the College of Economics & Finance 2021
Hanyang University

National Scholarship 2020
Korea Student Aid Foundation, Korea Ministry of Education

Service

Military Service: Republic of Korea Auxiliary Police, Sergeant, 2016–2017
- Awarded the Chief of Police Commendation

Last updated: Feb 2026
